mental conditions which permanently disqualify employees for work in the several occupations in the railroad industry, and the Board, employers, and employees shall cooperate in the promotion of the greatest practicable degree of uniformity in the standards applied by the several employers. An individual's condition shall be deemed to be disabling for work in his regular occupation if he will have been disqualified by his employer because of disability for service in his regular occupation in accordance with the applicable standards so established; if the employee will not have been so disqualified by his employer, the Board shall determine whether his condition is disabling for work in his regular occupation in accordance with the standards generally established; and, if the employee's regular occupation is not one with respect to which standards will have been established, the standards relating to a reasonably comparable occupation shall be used. If there is no such comparable occupation, the Board shall determine whether the employee's condition is disabling for work in his regular occupation by determining whether under the practices generally prevailing in industries in which such occupation exists such condition is a permanent disqualification for work in such occupation. For the purposes of this section, an employee's "regular occupation" shall be deemed to be the occupation in which he will have been engaged in more calendar months than the calendar months in which he will have been engaged in any other occupation during the last preceding five calendar years, whether or not consecutive, in each of which years he will have earned wages or salary, except that, if an employee establishes that during the last fifteen consecutive calendar years he will have been engaged in another occupation in one-half or more of all the months in which he will have earned wages or salary, he may claim such other occupation as his regular occupation; or

(5) Individuals whose permanent physical or mental condition is such that they are unable to engage in any regular employment and who (i) have completed ten years of service, or (ii) have attained the age of sixty.

Such satisfactory proof shall be made from time to time as prescribed by the Board, of the disability provided for in subparagraph 4 or 5 of this paragraph and of the continuance of such disability (according to the standards applied in the establishment of such disability) until the employee attains the age of sixty-five. If the individual fails to comply with the requirements prescribed by the Board as to proof of the continuance of the disability until he attains the age of sixty-five years, his right to an annuity by reason of such disability shall, except for good cause shown to the Board, cease, but without prejudice to his rights to any subsequent annuity to which he may be entitled. If before attaining the age of sixty-five an employee in receipt of an annuity under subparagraph 4 or 5 of this paragraph is found by the Board to be no longer disabled as provided in said paragraph his annuity shall cease upon the last day of the month in which he ceases to be so disabled. An employee, in receipt of such annuity, who earns more than \$75 in service for hire, or in self-employment, in each of any six consecutive calendar months, shall be deemed to cease to be so disabled in the last of such six months; and such employee shall report to the Board immediately all such service for hire, or such self-employment. If after cessation of his disability annuity the employee will have acquired additional years of service, such additional years of service may be credited to him with the same effect as if no annuity had previously been awarded to him.

(b) An annuity shall be paid only if the applicant shall have relinquished such rights as he may have to return to the service of an employer and of the person by whom he was last employed; but this requirement shall not apply to the individuals mentioned in paragraphs (a) 4 and 5 of this section prior to attaining age sixty-five.

(c) An annuity shall begin to accrue as of a date to be specified in a written application (to be made in such manner and form as may be prescribed by the Board and to be signed by the individual entitled thereto), but:

- (1) not before the date following the last day of compensated service of the applicant, and
- (2) not more than sixty days before the filing of the application.

**§ 208.2 Employee status.** To be eligible for an annuity an individual, in addition to other qualifications, must have been an employee on August 29, 1935 or, if not an employee on that date, he must have rendered service subsequent to December 31, 1936 as an employee. (Secs. 1, 10, 50 Stat. 308, 314 as amended; 45 U. S. C. 228a, 228j.)

**§ 208.7 Annuities for employees.** (a) Subject to the provisions of paragraphs (b) and (c) of this section, an individual who has been an employee on or after August 29, 1935, and ceased to render service for compensation to any person, whether or not an employer under the act, is eligible for an annuity if

(1) The individual has attained the age of sixty-five, or the individual is a woman, and (i) has attained the age of sixty and (ii) has completed at least three-hundred and fifty-four months of service, or

(2) The individual has attained the age of sixty and has completed at least

three-hundred and fifty-four months of service, but the annuity of such an individual, other than a woman, shall be reduced by one one-hundred and eightieth for each calendar month he is under age sixty-five when his annuity begins to accrue, or

(3) The individual has a current connection with the railroad industry and his permanent physical or mental condition is such as to be disabling for work in his regular occupation, and (i) has completed at least two-hundred and thirty-four months of service, or (ii) has attained the age of sixty, or

(4) The physical or mental condition of the individual is such that he is unable to engage in any regular employment and (i) has completed at least one-hundred and fourteen months of service, or (ii) has attained the age of sixty.

(b) No annuity shall be certified for payment to an individual until such time as he has filed with the Board a duly executed application form, has established by proof satisfactory to the Board that he possesses all the qualifications therefor, and, except for an individual whose eligibility for an annuity is determined in accordance with subparagraphs (3) or (4) of paragraph (a) of this section, has relinquished rights to return to service as required by Part 216 of this chapter. In no case shall an annuity begin to accrue earlier than (1) two months prior to the date upon which the application therefor was filed with the Board, or (2) July 1, or December 1, respectively, if such application is filed with the Board on August 31 or January 31, or (3) the day following the last day of the applicant's compensated service. An individual whose eligibility for an annuity is determined in accordance with subparagraphs (3) or (4) of paragraph (a) of this section, shall relinquish rights to return to service as required by Part 216 of this chapter upon his attainment of age sixty-five.

(c) Except as provided in § 208.31 and in section 407 of the 1946 amendments to the Railroad Retirement Act enacted as Public Law 572, 79th Cong., after an annuity has been awarded to an individual, he shall not be eligible for an increase in such annuity, or for a new or additional annuity, by reason of acquiring, after the annuity awarded him began to accrue, any additional service or compensation or any additional eligibility qualifications.

**§ 208.9 Regular occupation defined.** For the purpose of an annuity under § 208.7 (a) (3) an individual's regular occupation shall be his occupation in the railroad industry in which (a) he has been engaged in service for hire, including service for hire outside the railroad industry, in more calendar months than the calendar months in which he has been engaged in service for hire in any other occupation, whether or not in the railroad industry, during the last preceding five calendar years, whether or not consecutive, or (b) he has been engaged in service for hire, including service for hire outside the railroad industry, in not less than one-half of all the months in which he has been engaged in

service for hire, whether or not in the railroad industry, during the last preceding fifteen consecutive calendar years.

**§ 208.11 Establishment of permanent disability for work in the applicant's "regular occupation"** An individual's physical or mental condition shall be deemed to be permanently disabling for work in his "regular occupation" whether or not he has been disqualified for such work by his employer, if, in accordance with the occupational disability standards established by the Board, he is physically or mentally unable to perform the duties of such occupation, and the facts of his physical or mental condition afford a reasonable basis for an inference that such condition is permanent. The cause of the disabling physical or mental condition is immaterial. If the employee's regular occupation is one with respect to which occupational disability standards have not been established by the Board, the occupational disability standards established by the Board for a reasonably comparable occupation in the railroad industry shall govern the determination of the individual's inability to work in his regular occupation; and in the absence of such comparable occupation, such determination shall be made by ascertaining whether under the practices generally prevailing in other industries having such occupation, the individual's physical or mental condition is a permanent disqualification for work in his regular occupation. The condition of permanent disability for work in the individual's regular occupation must be established in each particular case in the manner and to the extent prescribed by the Board.

**§ 208.13 "Any regular employment" defined.** "Regular employment" as used in this part and Part 237 of this chapter means full or part time service for remuneration by an individual in the employ of another on a recurring basis. For the purposes of this section, an individual performing service for remuneration, whether or not under a contract, shall be deemed to be in the employ of another unless such service is performed as a part of his independently established trade, business or occupation; and in the absence of evidence to the contrary, an individual shall be presumed to be regularly employed if he has been paid remuneration of not less than \$200 in each of two consecutive calendar quarters.

**§ 208.15 Cessation of service to a local lodge or division.** In determining whether an individual has ceased to render compensated service to a local lodge or division of a railway-labor-organization employer the Board shall not consider as a day of compensated service any day in any month with respect to which month the individual earned compensation that is required to be disregarded within the provisions of § 222.3 (f) of this chapter. (Sec. 10, 50 Stat. 314, sec. 25, 54 Stat. 1100; 45 U. S. C. 223a, 228j)

**§ 208.17 Establishment of permanent disability for any regular employment.** (a) An individual is permanently disabled from engaging in any regular em-

ployment whenever his physical or mental condition is such that he is unable to perform regularly, in the usual and customary manner, the substantial and material duties of any regular and gainful employment which is substantial and not trifling, with any employer, whether or not subject to the Act, and the facts of his physical or mental condition afford a reasonable basis for an inference that such condition is permanent.

(b) The condition of permanent disability for any regular employment must be established in each particular case in the manner and to the extent prescribed by the Board. The following disabilities, while not an exclusive or exhaustive catalogue of conditions under which an individual may be considered permanently disabled from engaging in any regular employment are disabilities from which the Board will presume, in the absence of facts to the contrary, that an individual is so disabled:

- (1) Loss of, or permanent loss of use of, both feet.
- (2) Loss of, or permanent loss of use of, both hands.
- (3) Loss of, or permanent loss of use of, one hand and one foot.
- (4) Permanent industrial blindness (corrected vision of twenty two-hundredths or less in both eyes)
- (5) Permanent total loss of hearing in both ears (inability to hear the conversational tone of voice at any distance) unless offset or capable of being offset by some practicable device.
- (6) Permanently helpless or permanently bedridden.
- (7) Aphonia (complete loss of vocalization, (phonetic) from organic, i. e., non-functional cause)

§ 208.25 *Proof of continuance of disability.* An individual who has been awarded an annuity upon the basis of his having become totally and permanently disabled for regular employment for hire, or upon the basis of his having become permanently disabled for work in his regular occupation, shall, as and whenever notified by the Board, submit any information which the Board may require relating to his employment, including self-employment, and earnings therefrom, while in the receipt of such an annuity, and shall submit to an examination to be made by a physician, or physicians, or a board of physicians, designated by the Board. The Board may at any time or times require additional proof of the continuance of the disability which served as the basis for awarding such annuity. The provisions of this section shall not apply to an individual after he has attained age sixty-five (or in the case of a woman with three-hundred and fifty-four months of creditable service, after she has attained age sixty)

§ 208.27 *Disability annuitant to notify of recovery from disability, and of performance of service for hire or of self-employment.* It shall be the duty of an individual awarded an annuity upon the basis of total and permanent disability for regular employment for hire, or upon the basis of permanent disability for

work in his regular occupation, to notify the Board before he attains age sixty-five (or in the case of a woman with three hundred and fifty-four months of service before she attains age sixty) of his recovery from such disability and of any service for hire or self-employment in a period and to the extent described in § 208.29 (2)

§ 208.29 *When disability annuities cease.* (a) An annuity awarded to an individual upon the basis of his having become totally and permanently disabled for regular employment for hire, or upon the basis of his having become permanently disabled for work in his regular occupation; shall cease before the individual attains age sixty-five (or in the case of a woman with three hundred and fifty-four months of service, before she attains age sixty) as of the last day of:

- (1) The month in which he recovers from such disability; or
- (2) Except in the case of individuals awarded disability annuities prior to July 31, 1946, a period of six consecutive calendar months in each of which he earns more than seventy-five dollars in service for hire or in self-employment: *Provided*, That the Board may at any time require compliance with § 208.25.
- (3) The month preceding the month during which he dies, regardless of his age; or
- (4) The month following the month in which a notice was mailed to him requiring him to furnish additional proof of the continuance of his disability, if he failed to comply with such notice; or
- (5) The month in which the Board receives notice of his failure to appear for, or submit to, a required examination; or
- (6) The month in which he was required to furnish the Board with any information relating to employment, earnings and his physical or mental condition, if he failed to furnish such information.

(b) The annuity of an individual, based upon either the disability described in subparagraph (3) or in subparagraph (4) of paragraph (a) of § 208.7, who fails to relinquish rights to return to service in accordance with Part 216 of this chapter shall be suspended as of the end of the month in which he attains age sixty-five. Annuity payments which ceased by reason of non-compliance with the provisions of one or more of paragraphs (a) (4) through (a) (6) of this section shall be restored if within a reasonable time the annuitant shows good cause for such non-compliance.

§ 208.31 *Cessation of disability annuity not prejudicial to further eligibility.* The cessation pursuant to § 208.29 of a disability annuity, shall not prejudice any rights of the individual formerly in receipt of such annuity, to any annuity to which he may thereafter become entitled; and for such purpose, years of service acquired by such an individual whose annuity shall have so ceased prior to age sixty-five (or in the case of a woman with three hundred and fifty-four months of service, prior to age sixty) may be credited with the same

effect as if no annuity had previously been awarded.

Dated: January 31, 1947.

By Authority of the Board.

C. Where personal property is to be declared surplus in conjunction with real property, the owning agency shall in advance notify the appropriate regional office of War Assets Administration or, in the territories and possessions, the appropriate office of the Department of the Interior, of the date on which WAA Form 1001 will be ready for filing. Such office may designate a representative with whom the form may be filed at the installation site and who shall be authorized to accept the declaration for filing. If for any reason such form is not so filed with the designated representative it shall be filed at the War Assets Administration regional office, or, in the territories and possessions, at the appropriate office of the Department of the Interior.

(b) *Transmitting.* The Administrator will transmit the declaration to the appropriate disposal agency and will notify the owning agency of such transmittal.

§ 8301.13 *Territories and possessions; filing declarations of surplus personal property.* Declarations of surplus personal property located in the territories and possessions shall be filed on the forms prescribed in Order 3 under this part with the War Assets Administrator, Washington 25, D. C., and at such offices of the appropriate disposal agency as are specified in Order 2 under this part, or, if not specified, as the disposal agency may direct.

§ 8301.14 *Forwarding declarations of surplus; notice.* Whenever surplus declarations are forwarded by one disposal agency to another disposal agency or to the Administrator under this part, the forwarding disposal agency shall so notify the owning agency which filed the declaration.

§ 8301.15 *Withdrawals*—(a) *Personal property.* With the consent of the disposal agency, an owning agency may withdraw personal property which it has declared surplus and for which a declaration has been transmitted to such disposal agency pursuant to this part: *Provided, however,* That such withdrawals may be made only (1) on the forms prescribed by Order 3 under this part, (2) by the technical service, bureau, or other constituent part of the owning agency, which made the declaration, or its successor, and (3) upon the agreement of the owning agency to pay all freight charges in connection with the movement of the property to the point designated by such agency, in cases where the disposal agency has assumed custody and accountability.

(b) *Real property.* A request by an owning agency for the withdrawal of a declaration of surplus real property shall be transmitted to the Administrator by the filing of WAA Form 1005<sup>2</sup> (formerly Form SPE-5) with complete justification for the requested withdrawal. In cases where the disposal agency has incurred direct costs or obligations in connection with the care or handling of the property, the withdrawal by the owning agency shall be on condition that the disposal agency be reimbursed for any direct costs so incurred and relieved of any such obligations. The Administrator, after consideration of the request and any additional evidence which he deems appropriate, will notify the owning agency and the appropriate disposal agency, if the declaration previously was transmitted thereto, of his decision.

§ 8301.16 *Sales by a disposal agency other than the one to which the property is assigned.* A disposal agency may dispose of personal property which is declared to it as surplus but which is assigned under this part to another disposal agency. *Provided, however,* That disposal of any item of personal property in excess of a reported cost of three hundred dollars (\$300) may be made only with the consent of such other disposal agency.

§ 8301.17 *Transfer of surplus property between territories and possessions and continental United States.* No surplus personal property shall be transferred by a disposal agency from one territory or possession to another, or to the continental United States, without the consent of the disposal agency acting as such at the place of destination. Where such consent is given and the transfer is made, disposal shall be made by the disposal agency acting as such at the place of destination.

§ 8301.18 *Authority of disposal agencies to dispose of surplus property*—(a) *In general.* The disposal agencies designated in this part are hereby authorized and directed to dispose of property declared or assigned to them as surplus. Disposals shall be made in accordance with regulations, orders, and instructions of the War Assets Administrator and those of the Surplus Property Administrator, the Surplus Property Board and the Surplus War Property Administration (created by Executive Order 9425, February 19, 1944) which have not been rescinded and superseded, and in accordance with the objectives and provisions of the act.

(b) *Aircraft, aircraft parts, radio and electrical equipment.* The appropriate disposal agencies are hereby authorized, in accordance with section 19 (c) of the act, to dispose of aircraft and aircraft parts and radio and electrical equipment.

§ 8301.19 *Regulations to be reported to the War Assets Administrator.* Each owning agency and each disposal agency shall file with the War Assets Administrator copies of all regulations, orders, and instructions of general applicability which it may issue in furtherance of the provisions, or any of them, of this part.

<sup>2</sup>Reg. 1, Order 3 (11 F. R. 6774, 9572).

§ 8301.20 *Records and reports.* Owning and disposal agencies shall prepare and maintain such records as will show full compliance with the provisions of this part and with the applicable provisions of the act. Reports shall be prepared and filed with the War Assets Administrator in such manner as may be specified by order issued under this part subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

[Docket No. G-847]

TENNESSEE NATURAL GAS LINES, INC.

NOTICE OF APPLICATION

JANUARY 31, 1947.

Notice is hereby given that on January 9, 1947, an application was filed with the Federal Power Commission by Tennessee Natural Gas Lines, Inc. (Applicant) a Tennessee corporation with its principal office in Chattanooga, Tennessee, and authorized to do business in the State of Tennessee, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the Applicant to construct and operate natural-gas pipeline facilities, as hereinafter more particularly described.

Applicant seeks authorization to construct and operate the following facilities, all of which are to be located in the State of Tennessee:

(a) A natural gas transmission pipeline consisting of 16-inch and 12 $\frac{1}{4}$ -inch diameter pipe, the 16-inch diameter portion commencing at a proposed point of interconnection with the pipeline of Tennessee Gas and Transmission Company about 16 miles northeast of that Company's compressor station No. 10 and extending 181 miles in a southeasterly direction to Chattanooga, and the 12 $\frac{1}{4}$ -inch diameter portion commencing at Chattanooga and extending 106 miles in a northeasterly direction, to Knoxville.

(b) Lateral lines consisting of approximately 65 miles of 4 $\frac{1}{2}$ -inch O. D. pipe and approximately 76 miles of 3 $\frac{1}{2}$ -inch O. D. pipe, extending from the pipeline described in paragraph (a) above.

Applicant proposes to supply natural gas from the above-described facilities to the following cities and towns in the State of Tennessee, which do not now have natural gas service: Centerville, Mt. Pleasant, Columbia, Lewisburg, Shelbyville, Murfreesboro, Fayetteville, Tullahoma, Manchester, Winchester, Decherd, Cowan, Sewanee, Monteagle, Tracy City, South Pittsburg, Richard City, Jasper, Chattanooga, Ooltewah, Cleveland, Charleston, Calhoun, Riceville, Etowah, Englewood, Athens, Madisonville, Sweetwater, Loudon, Alcoa, Maryville, Lenoir City and Knoxville.

Applicant states that under its present plans it will sell natural gas for the above-mentioned cities and towns at wholesale city gate rates, and will make direct pipeline sales for industrial use to a limited number of large industrial users, and that no construction or acquisition of resale distribution systems by Applicant is presently contemplated. Applicant recites that the proposed rates for the gas service will be supplied when it completes its market studies and surveys. Applicant states it has a contract with Tennessee Gas & Transmission Company for the supply of Applicant's entire natural gas requirements in the markets and areas proposed to be served. Applicant states that it is filing this application on the assumption that Chattanooga Gas Company will become a city gate customer of Applicant, notwithstanding the fact that Chattanooga Gas Company is a wholly owned subsidiary of Southern Natural Gas Company, which last mentioned company now has on file with the Federal Power Commission an Application for the construction and operation of facilities to serve the Chattanooga market and area.

Applicant further states that the Knoxville market and area is now inadequately served with manufactured or artificial gas, and that the Knoxville Utilities Board is anxious that natural gas service be made available in the Knoxville area.

Applicant states that natural gas will enter the proposed pipeline at a pressure of approximately 650 lbs. psig which will provide a delivery pressure of approximately 387 lbs. psig at Chattanooga and approximately 201 lbs. psig at Knoxville; that the proposed facilities will have a capacity of approximately 62,325,000

cubic feet per day at the point of interconnection with Tennessee Gas & Transmission Company, and that this capacity will be sufficient to serve the aforesaid markets and areas for approximately five years without compression.

Applicant makes no statement as to the cost of the proposed facilities or the method of financing the cost of construction.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure, and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

Any person desiring to be heard or to make any protest with reference to the application of Tennessee Natural Gas Lines, Inc. should file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition or protest in accordance with the Commission's rules of practice and procedure.

AMERICAN WATER WORKS AND ELECTRIC CO., INC., ET AL.

NOTICE OF FILING OF AMENDMENT EMBODYING MODIFICATION OF PLANS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 29th day of January A. D. 1947.

In the matters of American Water Works and Electric Company, Incorporated, American Water Works Company, Inc. (formerly American Communities Company), Community Water Service Company, Ohio Cities Water Corporation, West Penn Railways Company, The West Penn Electric Company, (applicants) File No. 54-142; American Water Works and Electric Company, Incorporated and subsidiary companies, (respondents), File No. 59-84.

Notice is hereby given that an amendment has been filed in the above captioned proceedings which is concerned with modifications of Plans (designated in the original filing as Plan I and Plan II) filed by American Water Works and Electric Company, Incorporated ("American"), a registered holding company, and joined in by certain of its subsidiaries, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935. The subsidiaries of American primarily affected by the amended Plans are American Water Works Company, Inc. ("Waterworks Holding Company", formerly American Communities Company) a water works holding company and a direct subsidiary of American; Community Water Service Company ("Community"), a water works holding company and a direct subsidiary of Waterworks Holding Company; Ohio Cities Water Corporation ("Ohio Cities"), a water works holding company and a direct subsidiary of Community; and The West Penn Electric Company ("West Penn Electric"), a registered holding company and a direct subsidiary of American.

The original plans in this matter were filed on February 21, 1946. On December 23, 1946, the Commission issued findings and opinion with respect to the plans as filed. In the findings and opinion it was concluded that the treatment proposed in Plan I for the public security holders of the capital stocks of Community and the preferred stock of Ohio Cities was inadequate. It was further concluded that, under the circumstances of this case, it would be appropriate to grant the request of American and take action at this time with respect to Plan I, prior to resolution of the ultimate treatment to be accorded the preferred

stock of American in connection with its liquidation, as proposed in Plan II, provided that Plan II were modified to establish an adequate escrow fund from which fund any additional payments, above the liquidation price applicable to said preferred stock would be made, if necessary.

American has filed an amendment, joined in by certain of its subsidiaries, which amendment purports to satisfy the conclusions contained in the Commission's findings and opinion by increasing the participation for the preferred stock of Community to \$180 per share plus accrued dividends from October 31, 1945 to the effective date of the plan, by providing participation for the publicly held common stock of Community to the extent of one-twentieth of a share of new common stock of Waterworks Holding Company for each share of common stock of Community now held, and by increasing the participation for the preferred stock of Ohio Cities to \$159 per share plus accrued dividends from October 31, 1945 to the effective date of the plan.

Additionally, Plan I, as considered by the Commission provided for the issuance by Waterworks Holding Company of warrants, to be distributed to the common stockholders of American at no cost for such warrants, the holders thereof to be permitted to acquire shares of new common stock of Waterworks Holding Company at the initial public offering price, to be determined at competitive bidding. The shares of said new common stock not taken by warrants are to be sold to the public at the initial public offering price. Plan I as modified will permit the elimination of the issuance of these warrants under certain circumstances, and if permitted by further order of this Commission.

Plan II has been modified to provide an escrow agreement to be secured by a note of West Penn Electric in the face amount of \$2,200,000 with which to make any additional distribution to the preferred stockholders of American that may be required by this Commission and any court of competent jurisdiction.

For a full statement of the plans as modified all interested persons are referred to the files of the Commission in our Philadelphia offices. In substance the plans as modified may be summarized as follows:

Plan I has been divided into two parts, Part 1 being entitled "Segregation of Waterworks Business," and Part 2 being entitled "Liquidation of Community and Ohio Cities." Plan II remains in one part.

In partial consideration for the securities to be acquired by American Water Works Company, Inc. ("Waterworks Holding Company") American is to receive transferable subscription warrants entitling the holders to purchase from Waterworks Holding Company a total of 2,343,105 shares of common stock of Waterworks Holding Company (the total number of shares of common stock of American publicly held is 2,343,105). The price at which such shares of common stock may be purchased upon exercise of the warrants will be the initial public offering price of such shares of such stock issued to underwriters, as herein-

after described. In the event that in the opinion of the Board of Directors of American market conditions then prevailing make it impracticable or inadvisable, from the standpoint of the successful consummation of Part 1 of Plan I, to issue such transferable subscription warrants, then, upon the adoption of a resolution to that effect by the Board of Directors of American and the filing with the Commission of an appropriate application which shall have been approved by the Commission or permitted to become effective, the issuance of such warrants will not be made. In the event the subscription warrants are issued American will distribute to its common stockholders (without surrender of their shares and without charge) one warrant for each share of common stock held.

Waterworks Holding Company will offer to the public preferred stockholders of Community Water Service Company ("Community") a holding company and a direct subsidiary of Waterworks Holding Company, the privilege of exchanging their shares for shares of common stock of Waterworks Holding Company having a value (based on the initial public offering price of such shares of common stock) at the time of exchange equal to the sum of \$180 per share of Community preferred stock, plus \$7 per share per annum from October 31, 1945 to the final date for making such exchanges and minus the amount per share of any dividends paid on such preferred stock during such period.

Waterworks Holding Company will offer to the public preferred stockholders of Ohio Cities Water Corporation ("Ohio Cities") a holding company and a direct subsidiary of Community, the privilege of exchanging their shares for shares of common stock of Waterworks Holding Company having a value (based on the initial offering price of such shares of common stock) at the time of exchange equal to the sum of \$159 per share of Ohio Cities preferred stock, plus \$6 per share per annum from October 31, 1945 to the final date for making such exchanges and minus the amount per share of any dividends paid on such preferred stock during such period.

Waterworks Holding Company will offer to the public common stockholders of Community the privilege of exchanging their shares for shares of common stock of Waterworks Holding Company at the rate of one twentieth of a share of Waterworks Holding Company for each share of common stock of Community now held.

The total number of shares to be issued by Waterworks Holding Company will be the aggregate of: (a) 2,343,105 shares, (b) the total number of shares required, based on the initial public offering price, to effect the exchanges with the publicly held preferred stock of Community, assuming all holders of said stock elect to make the exchanges, (c) the total number of shares required, based on the initial public offering price, to effect the exchanges with the publicly held preferred stock of Ohio Cities, assuming that all holders of such stock elect to exchange, and (d) the number of shares necessary to satisfy the public holders of the common stock of Community.

Any shares not exchanged or subscribed for pursuant to warrants under (a) (b) and (c) above will be sold to underwriters through competitive bidding. The bidding proposal will provide that the bids to the company shall be on the basis of the initial offering price to the public and shall indicate the commission to be paid by Waterworks Holding Company as compensation for the underwriting. As indicated above, any warrants offered to American's common stockholders and exchanges accepted by preferred stockholders of Community and Ohio Cities will be on the basis of the offering price to the public, as determined by the competitive bidding. The shares of common stock of Waterworks Holding Company issuable in exchange for shares of common stock of Community are not to be underwritten.

Fractions of shares of common stock of Waterworks Holding Company will not be issued upon the above-described exchanges, but such fractional interests will be represented by non-voting scrip certificates (to the nearest one thousandth of a share) entitling the holders, upon surrender thereof together with other scrip certificates aggregating one or more whole shares, during the period of two years following the initial date for making such exchanges, to receive whole shares of common stock of Waterworks Holding Company together with any dividends paid on such shares of stock subsequent to the initial date for making such exchanges and prior to the surrender of such scrip certificates. All shares of common stock of Waterworks Holding Company reserved for issuance upon surrender of scrip certificates but not so issued at the expiration of the two-year period are to be sold in the open market for the account of the holders of such scrip certificates not theretofore surrendered and Waterworks Holding Company will remit to, or hold for the account of, such holders their pro rata share of the net proceeds of the shares so sold together with their pro rata share of any dividends paid on the shares sold.

All public holders of the preferred stocks of Community and Ohio Cities not electing to take common stock of Waterworks Holding Company are to receive, upon the liquidation of these companies, cash in the sum of \$180 per share plus \$7 per share per annum from October 31, 1945, to the final date for making the exchanges and minus the amount per share of any dividends paid on such stocks after October 31, 1945, in the case of Community, and \$159 per share plus \$6 per share per annum from October 31, 1945, to the final date for making the exchanges and minus the amount per share of any dividends paid on such preferred stock after October 31, 1945, in the case of Ohio Cities.

Subsequent to the consummation of the above-described transactions, and transactions related to their consummation, American is to dissolve and liquidate. In connection with this liquidation, American will, among other things, retire all of its preferred stock, of which 199,868 shares are now outstanding with the public, by distributing to the holders thereof in cancellation of all their stockholdings the amount which they are en-

titled to receive upon the liquidation of American as determined by an order of the Commission, or a decision of a court of competent jurisdiction (which order or decision shall have become final in accordance with law) This distribution will be effected as follows: (a) if the amount to which the preferred stockholders are so entitled shall have been finally-determined by the Commission or a court prior to the date fixed for distribution, American will distribute in cash the full amount to which the security holders are entitled, as so determined; or (b) if the amount to which the preferred stockholders are entitled shall not have been finally determined by the Commission or a court prior to the date of distribution to the preferred stockholders they are to receive: (i) cash equal to \$100 per share plus accrued and unpaid dividends thereon to the distribution date, and (ii) a certificate evidencing the obligation of American to pay in cash to such preferred stockholders, or their assigns, such additional amount, if any, as it may later be finally determined that the preferred stockholders are entitled to receive. American will fix the date for this distribution and will mail notice thereof to the preferred stockholders at least five days before the distribution date and prior to the distribution date will deliver to a bank or trust company in trust for the benefit of the preferred stockholders and for distribution to them the cash and certificates, if any be required, for the distribution. If certificates are to be distributed, American will also deposit in escrow with such bank or trust company as security for the payment of amounts, if any, which may become payable upon such certificates, and all expenses in connection with such escrow and payment, cash or demand non-interest bearing promissory notes of The West Penn Electric Company, a registered holding company and a direct subsidiary of American, in the aggregate principal amount of \$2,200,000. The making of this delivery to and deposit with the bank or trust company is to be in full cancellation and satisfaction of the preferred stock, and, upon the making thereof, all rights of the preferred stockholders of American as such shall terminate except the right to receive from the bank or trust company cash and certificates, if any be so delivered and deposited, with respect to the shares of the preferred stock held by them, and from and after the distribution date, dividends, as such, on the preferred stock shall cease to accrue (as indicated in Plan II, as originally filed, the Board of Directors of American will from time to time transfer to West Penn Electric cash, which American has received in connection with the consummation of Plan I, in excess of cash required by American)

The certificate of incorporation of American provides among other things that upon liquidation, dissolution, or winding up of the affairs of American, whether voluntary or involuntary, the holders of the preferred stock are entitled to receive in cash \$100 per share plus accrued dividends. The redemption price of this preferred stock is \$110 per

share plus accrued dividends to the date of redemption. The filing indicates that in the judgment of the Board of Directors of American, its preferred stockholders are entitled under the circumstances of this liquidation to \$100 per share plus accrued dividends to the date of liquidation. American has reserved the right, by appropriate proceedings, to contest any order of the Commission or decision of a court which shall determine that the preferred stockholders are entitled upon the liquidation of American to receive anything in excess of that amount.

NEW YORK WATER SERVICE CORP. ET AL.

SUPPLEMENTAL FINDINGS, OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 31st day of January A. D. 1947.

In the matters of New York Water Service Corporation, Federal Water and Gas Corporation, File No. 59-35; Federal Water and Gas Corporation and subsidiary companies (respondents) File No. 59-61, Federal Water and Gas Corporation and subsidiary companies, File No. 54-66.

On November 12, 1946, this Commission entered its findings and opinion and order, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, approving a plan for the recapitalization of New York Water Service Corporation ("New York") See New York Water Service Corporation, et al., — S. E. C. — (1946). Holding Company Act Release No. 6934. New York, a subsidiary of Federal Water and Gas Corporation ("Federal") a registered holding company, owns and operates water distribution systems and sells water at wholesale to a number of municipalities and water districts within the State of New York; in addition, it also controls three subsidiaries which are engaged in the same business and also operate in New York State.

The plan, approved by us as necessary to effectuate the provisions of section 11 (b) of the act and fair and equitable to the persons affected thereby, provided for the following:

(1) The reclassification of the outstanding 46,532 shares of the 6% cumulative preferred stock of New York with a par value of \$100 per share and an aggregate par value of \$4,653,200 (with dividend arrears of \$3,990,119, or \$85.75 per share as of December 31, 1945) into 46,532 shares of no par value common stock with a stated value of \$465.32, or one cent per share.

(2) The issuance by New York of 46,532 shares of such no par value common stock to the holders of the 6% cumulative preferred stock of New York in exchange for such preferred stock, on the basis of one share of such new common stock for each share of such preferred stock.

(3) No recognition accorded to the presently outstanding common stock of New York, all owned by Federal, and the surrender of such common stock by Federal to New York.

Pursuant to the request of New York, the Commission filed an application, pursuant to sections 11 (e) and 18 (f) of the act, with the District Court of the United States for the Southern District of New York for an order approving and enforcing the plan, and proceedings before that court are still pending.

On December 13, 1946, and January 28, 1947, New York filed with this Commission amendments to the plan, which provide for a change in the proposed stated value of the new no par value common stock from \$465.32, or one cent per share, to \$46.532, or one dollar per share. It appears from the amend-

ments that the change in the stated value of the new common stock is being made to satisfy the requirements of the Stock Corporation Law of the State of New York.

The plan as above amended has been filed with the New York Commission, which on January 23, 1947, adopted a memorandum indicating that it would approve the amended plan subject to similar conditions contained in its previous memorandum approving the plan (see footnote 9 of Holding Company Act Release No. 6994). The above-described change in the stated value of the new common stock of New York does not modify our previously expressed opinion that the plan is necessary to effectuate the provisions of section 11 (b) of the act and is fair and equitable to the persons affected thereby.

It is therefore ordered, Pursuant to section 11 (e) and other applicable sections of the act, that the plan, as amended be, and it hereby is, approved, subject, however, to the same terms and conditions of our order of November 12, 1946 (Holding Company Act Release No. 6994).

By the Commission.
